ABOUT THE BAY AREA AERO CLUB

The Bay Area Aero Club (BAAC) is a non-profit Flying Club based at the Pearland Regional Airport. It has been in operation since 1979, and has a membership of approximately 165 members. The Club is managed by six officers who are selected by a Board of Directors. The five members of the Board are elected by the membership at an annual meeting. Monthly meetings are with exception held the second Tuesday of every month at the clubhouse.

The membership is diverse and includes students working on obtaining a private license, private and commercial pilots, pilots with instrument and multi-engine ratings, CFI and CFII instructors, and airline transport pilots. Each member is covered by a comprehensive insurance policy, and is required to take an annual check ride with a certified Club Instructor.

The BAAC has aircraft agreements with several owners to rent their aircraft exclusively to Club members. The Club's fleet varies from time to time, but we try to maintain a mix that includes primary trainers, instrument trainers, complex aircraft, and single-engine cross-country aircraft. Our aircraft are available for local and extended overnight trips.

The BAAC offers an attractive leaseback program for aircraft owners. The Club pays the standard airport ramp tie-down or hangar fees; pilot liability, and a portion of the aircraft insurance coverage. At this time, we have seven (7) aircraft in the club. They are:
